### PROJECTS

#### Trans\_bee

*The Shifting Partner*

- A Logistics project designed to facilitate on-demand goods transportation.
- Unlike conventional models, it introduces a **space-sharing feature** where customers can **share unused cargo space** with others heading in the same direction, optimizing costs and vehicle efficiency.
- The project streamlines bookings, real-time tracking, and seamless coordination between users and service providers.

#### Skill Swap

*Your Skill Library*

- A Community-driven project that empowers individuals to exchange skills in a collaborative, cost-free manner. Users can **offer their expertise** in any domain – from coding to cooking – and in return, **learn new skills from others** through a mutual sharing system.
- The platform promotes peer-to-peer growth with essential features like **real-time chat**, **video calling**, **calendar-based session booking**, **ratings & feedback**, and **profile-based skill portfolios**.

#### FinTrail

*A Custom-built Finance Tracker*

- A Personalized finance tracking project developed to meet the unique needs of a **client**.
- It enables **detailed monitoring of income, expenses, savings, and budgets** through a clean, user-friendly interface.
